

Kent Connect to Support - supporting you to live well in Kent

We recently launched our new **Kent Connect to Support** website and we would like to ask for your help in raising awareness of the website with people that you support or who are members of your organisation/group.

Kent Connect to Support will help people find accessible, easy to navigate, interactive information and advice on care and support, for them, a relative or a friend. It can help people to look after themselves, stay independent and connect with their local community.

The website contains useful information to help people find out:

- what sort of support they may need and what's available near them
- whether they are eligible for funding to help pay for adult social care
- what happens when they, a friend, or relative leaves hospital
- how to buy equipment to help around the home
- what type of support care homes can offer.

It also contains a simple information finder tool if someone is unsure where to look for information and advice regarding care and support.

Please can you help us to promote **Kent Connect to Support** and ask people to visit the website for fast, clear connected information.

We have attached some posters and postcards to help you spread the word about Kent

Connect to Support. Please do let us know if you would like to receive printed copies of these instead and we can arrange for these to be sent to you.

Many thanks in advance of your help in raising awareness of **Kent Connect to Support**.
