

## Welcome to Lydd Allotments

Since 2003, our group- **Lydd Allotments Association** - have improved conditions for everyone at the plots.

The improvements include: piped water, flush toilet, new Club rooms, good seed store, large polytunnel with plots for hire, ongoing improvements to centre track , parking areas, community plot with classroom, raised plots and pond, secure fencing with locking gates.

Grants obtained over the years - together with literally **hundreds** of hours of volunteer work - have made these things possible.

Future improvement plans include piped water to the plots closest to the road and a functioning composting area.

We have good equipment for use for maintaining plots, hand tools for hire, and free expert advice.

**Join the Association for a small annual charge payable at the Seed store**

Offers of help are always welcome. If you have thoughts for further improvements come and talk to us! Sunday mornings are best, at the seed store .
